Great team! They made the process of buying and selling a home very easy. Would highly recommend. We never had an issue with getting someone to answer our questions and everything went very smoothly throughout the process.

The Misty SOLDwisch team made selling our home not only a breeze but a quick and easy sale! I would definitely recommend using their services to friends/family/anyone considering a realtor.

Wow! Who would guess our home would have an acceptable offer only 10 hours after the "For Sale" sign went up?! All this elderly couple had to do was hand all the work over to this very competent and helpful team. The Misty SOLDwisch Team made the selling and buying a breeze! Thank you!!
