Emily has been in real estate since July 2016 and was a welcome addition to the MistySOLD team as a Buyer Specialist. Through the years, she has worked her way to a Senior Real Estate Specialist and into her new role as the Director of Sales. While her ideal home is one with character, a big master closet and beautiful kitchen, Emily knows how important it is to listen to clients' wants and needs, and then do everything she can to find a home that fits their unique and personal style. Making the process exciting, easy and informative. She also thrives being part of a team of motivated professionals who strive to enhance the client experience and focus on growth. When she's not in the office, Emily loves to spend time with her family, snuggle with her dogs and travel.

“ We loved working with Misty teams, Emily and Greg were fantastic and super patient! Our house was not in a convenient location to sell but Greg did it. And poor Emily had to look at SO many homes with us and our 3 toddlers but she was very kind and patient and didn't let us settle. Definitely would recommend this team.

“ If you are looking for a home I strongly encourage you to look up Emily Burton with the Misty SOLDwisch Team! She is exceptional!! She does not try to talk you into something you don't want. She doesn't try to push your price range. She DOES have a ton a patience and is so very kind! We bought our house 15 months ago and we still keep in touch! She is the most amazing, kind hearted, patient realtor I have ever had! God help me if I ever move again, but if I do I am using her! We are in our version of a dream house thanks to our dream realtor!!
